

COVID-19: IMPORTANT UPDATE FOR RESIDENTS AND OUR COMMUNITIES

7th September 2021

Following the Government's latest announcement New Zealand is at Alert Level 2, whilst Auckland remains at a higher Alert Level.

We are happy to welcome friends and family back into our villages to visit residents in their homes. However please ensure you sign in using QR codes displayed around the village. We also ask that residents record who has visited and when.

Whilst there are still restrictions in place, we have decided that our village community centres are currently open to residents only. Friends and family of residents are unable to enter our community centres.

Thanks for helping us keep our residents safe.

Please speak to the Village Manager if you have any questions or concerns.
